

Impact Report

Last year your donations meant we helped over 3,600 people living with cavernoma. As a small charity we couldn't have done that without you, alongside our amazing team of 50+ volunteers. Thank you for your support and for making a positive difference.

Data taken from 1st October 2022 to 30th September 2023, Registered Charity Number 1114145

Support

Patient & Public Voice Lead for the CARE Trial

“

Thank you if it wasn't for this charity I would be scared and lonely . It makes a huge difference to my recent diagnosis

The information webinars gave me hope where I hadn't felt any before and the fact CAUK is helping to fund and instigate research is more valuable & appreciated than I have words for.

CAUK have made a huge difference in many ways and gave a lifeline/support where we'd been left with none.
