

Impact Report

Thanks to your incredible £112,000 in donations and the dedication of 50+ volunteers, last year we supported nearly 4,000 people living with cavernoma. As a small charity with just 1.5 full-time staff, your support made all the difference. Thank you!

Data taken from 1st October 2023 to 30th September 2024, Registered Charity Number 1197257

Research

Co-funded UK's first gene therapy research

“

CAUK have made a huge difference in many ways and gave a lifeline/support where we'd been left with none.

Just wanted to say thank you once again.. your encouragement & support helped a great deal & it really made me think about my life & what I need out of it to survive.

I am so glad I found you Cavernoma Alliance UK because after reading all your literature it made me feel a lot better.
